PINK OPAL DIAL

## Decorative stone

This dial features hour markers in 18 kt gold, set with 32 diamonds, and a Roman VI and IX in 18 kt gold, set with 24 diamonds. Rolex has developed special expertise in the creation of dials made from decorative stone, such as pink opal.

The stone discs destined for the dials are cut from a block of raw material. Only those whose colour and structure fully satisfy the brand's exacting aesthetic requirements are selected. They will grace the dial of a Rolex watch, conferring it with a unique personality.
