

# GMT-Master II

Oyster, 40 mm, Everose gold

**The Oyster Perpetual  
GMT-Master II in 18 kt  
Everose gold with a  
tiger iron dial and an  
Oyster bracelet.**

TIGER IRON

## Complex structure

This GMT-Master II features a dial in tiger iron. This metamorphic rock, used by Rolex for the first time on this watch, is characterized by its complex structure

Composed of three minerals – tiger's eye, red jasper and silvery hematite – it is a stone that pulses with golden and orangey tints, which, following painstaking selection and meticulous assembly, marry harmoniously with the colours of the case and bracelet.

24-HOUR ROTATABLE BEZEL

## Innovative high-technology

This model features a tiger iron dial and a two-colour Cerachrom bezel insert in brown and black ceramic. In addition to conventional hour, minute and seconds hands, the GMT-Master II features an arrow-tipped hand, which circles the dial once every 24 hours, as well as a bidirectional rotatable 24-hour graduated bezel.

The distinctively coloured 24-hour hand displays the “home” reference time in a first time zone

which can be read on the graduations on the bezel. The traveller's local time is easily set by "jumping" from hour to hour, thanks to an ingenious mechanism operated via the winding crown: the hour hand can be adjusted forwards or backwards independently of the minute and seconds hands. This allows travellers to adapt to their new time zone without affecting the precision of their timekeeping.

18 KT EVEROSE GOLD

## An exclusive patent

To preserve the beauty of its pink gold watches, Rolex created and patented an exclusive 18 kt pink gold alloy cast in its own foundry: Everose gold.

Introduced in 2005, 18 kt Everose is used on all Rolex Oyster models in pink gold.

THE OYSTER BRACELET

# Alchemy of form and function

The Oyster bracelet is a perfect alchemy of form and function, aesthetics and technology, designed to be both robust and comfortable. It is equipped with an Oysterlock folding clasp, which prevents accidental opening and the Easylink comfort extension link, also exclusive to Rolex.

This ingenious system allows the wearer to increase the bracelet length by approximately 5

mm, providing additional comfort in any circumstance.

### Model Case

---

**Type**

Oyster, 40 mm, Everose gold

**Diameter**

40 mm

**Material**

Everose gold

**Bezel**

Bidirectional rotatable 24-hour graduated bezel. Two-colour brown and black Cerachrom insert in ceramic, moulded numerals and graduations

**Oyster Architecture**

Monobloc middle case, screw-down case back and winding crown

**Winding Crown**

Screw-down, Triplock triple waterproofness system

**Crystal**

Scratch-resistant sapphire, Cyclops lens over the date

**Water Resistance**

Waterproof to 100 metres / 330 feet

### Movement

---

**Type**

Perpetual, mechanical, self-winding, GMT function

**Calibre**

3285, Manufacture Rolex

**Precision**

-2/+2 sec/day, after casing

**Oscillator**

Paramagnetic blue Parachrom hairspring. High-performance Paraflex shock absorbers

**Winding**

Bidirectional self-winding via  
Perpetual rotor

**Power reserve**

Approximately 70 hours

**Functions**

Centre hour, minute and seconds  
hands. 24-hour display. Second  
time zone with independent rapid-  
setting of the hour hand.

Instantaneous date. Stop-seconds  
for precise time setting

**Bracelet**

---

**Type**

Oyster, three-piece solid links

**Clasp**

Folding Oysterlock safety clasp with  
Easylink 5 mm comfort extension  
link

**Bracelet Material**

18 kt Everose gold

**Dial**

---

**Type**

Tiger iron

**Details**

Highly legible Chromalight display  
with long-lasting blue luminescence

**Certification**

---

**Type**

Superlative Chronometer (COSC +  
Rolex certification after casing)
