Lady-Datejust

Oyster, 28 mm, Oystersteel, Everose gold and diamonds

This Oyster Perpetual Lady-Datejust in Oystersteel and Everose gold features a rosé-colour dial and a Jubilee bracelet.
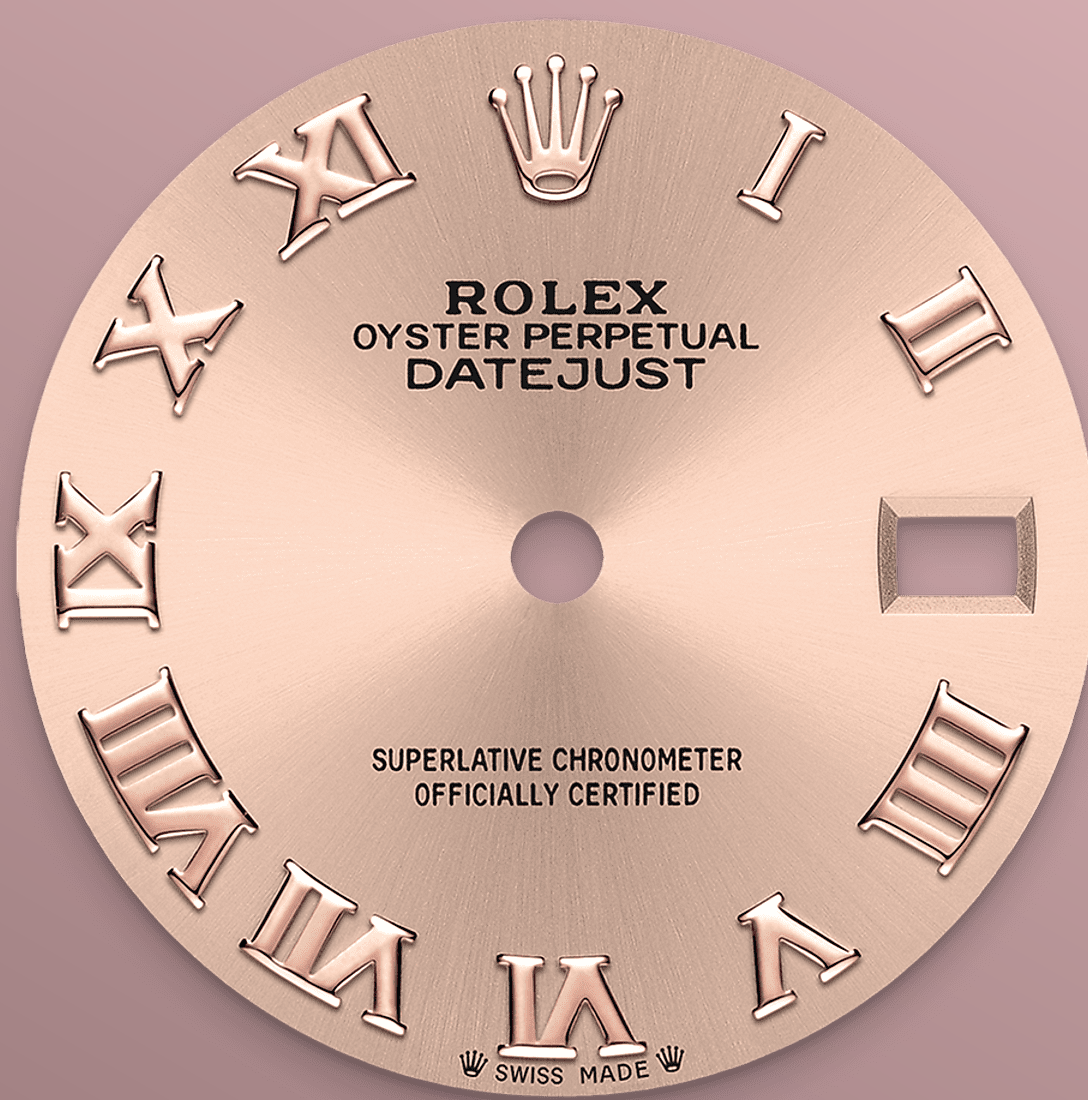

A sparkling symphony

Gem-setters, like sculptors, finely carve the precious metal to hand-shape the seat in which each gemstone will be perfectly lodged. With the art and craft of a jeweller, the stone is placed and meticulously aligned with the others, then firmly secured in its gold or platinum setting.

Besides the intrinsic quality of the stones, several other criteria contribute to the beauty of Rolex gem-setting: the precise alignment of the height of the gems, their orientation and position, the regularity, strength and proportions of the setting

as well as the intricate finishing of the metalwork.
A sparkling symphony to enhance the watch and
enchant the wearer.

A watchmaking technique

The sunray finish creates delicate light reflections on many dials in the Oyster Perpetual collection. It is obtained using masterful brushing techniques that create grooves running outwards from the centre of the dial.

Light is diffused consistently along each engraving, creating a characteristic subtle glow that moves depending on the position of the wrist. Once the sunray finish has been completed, the
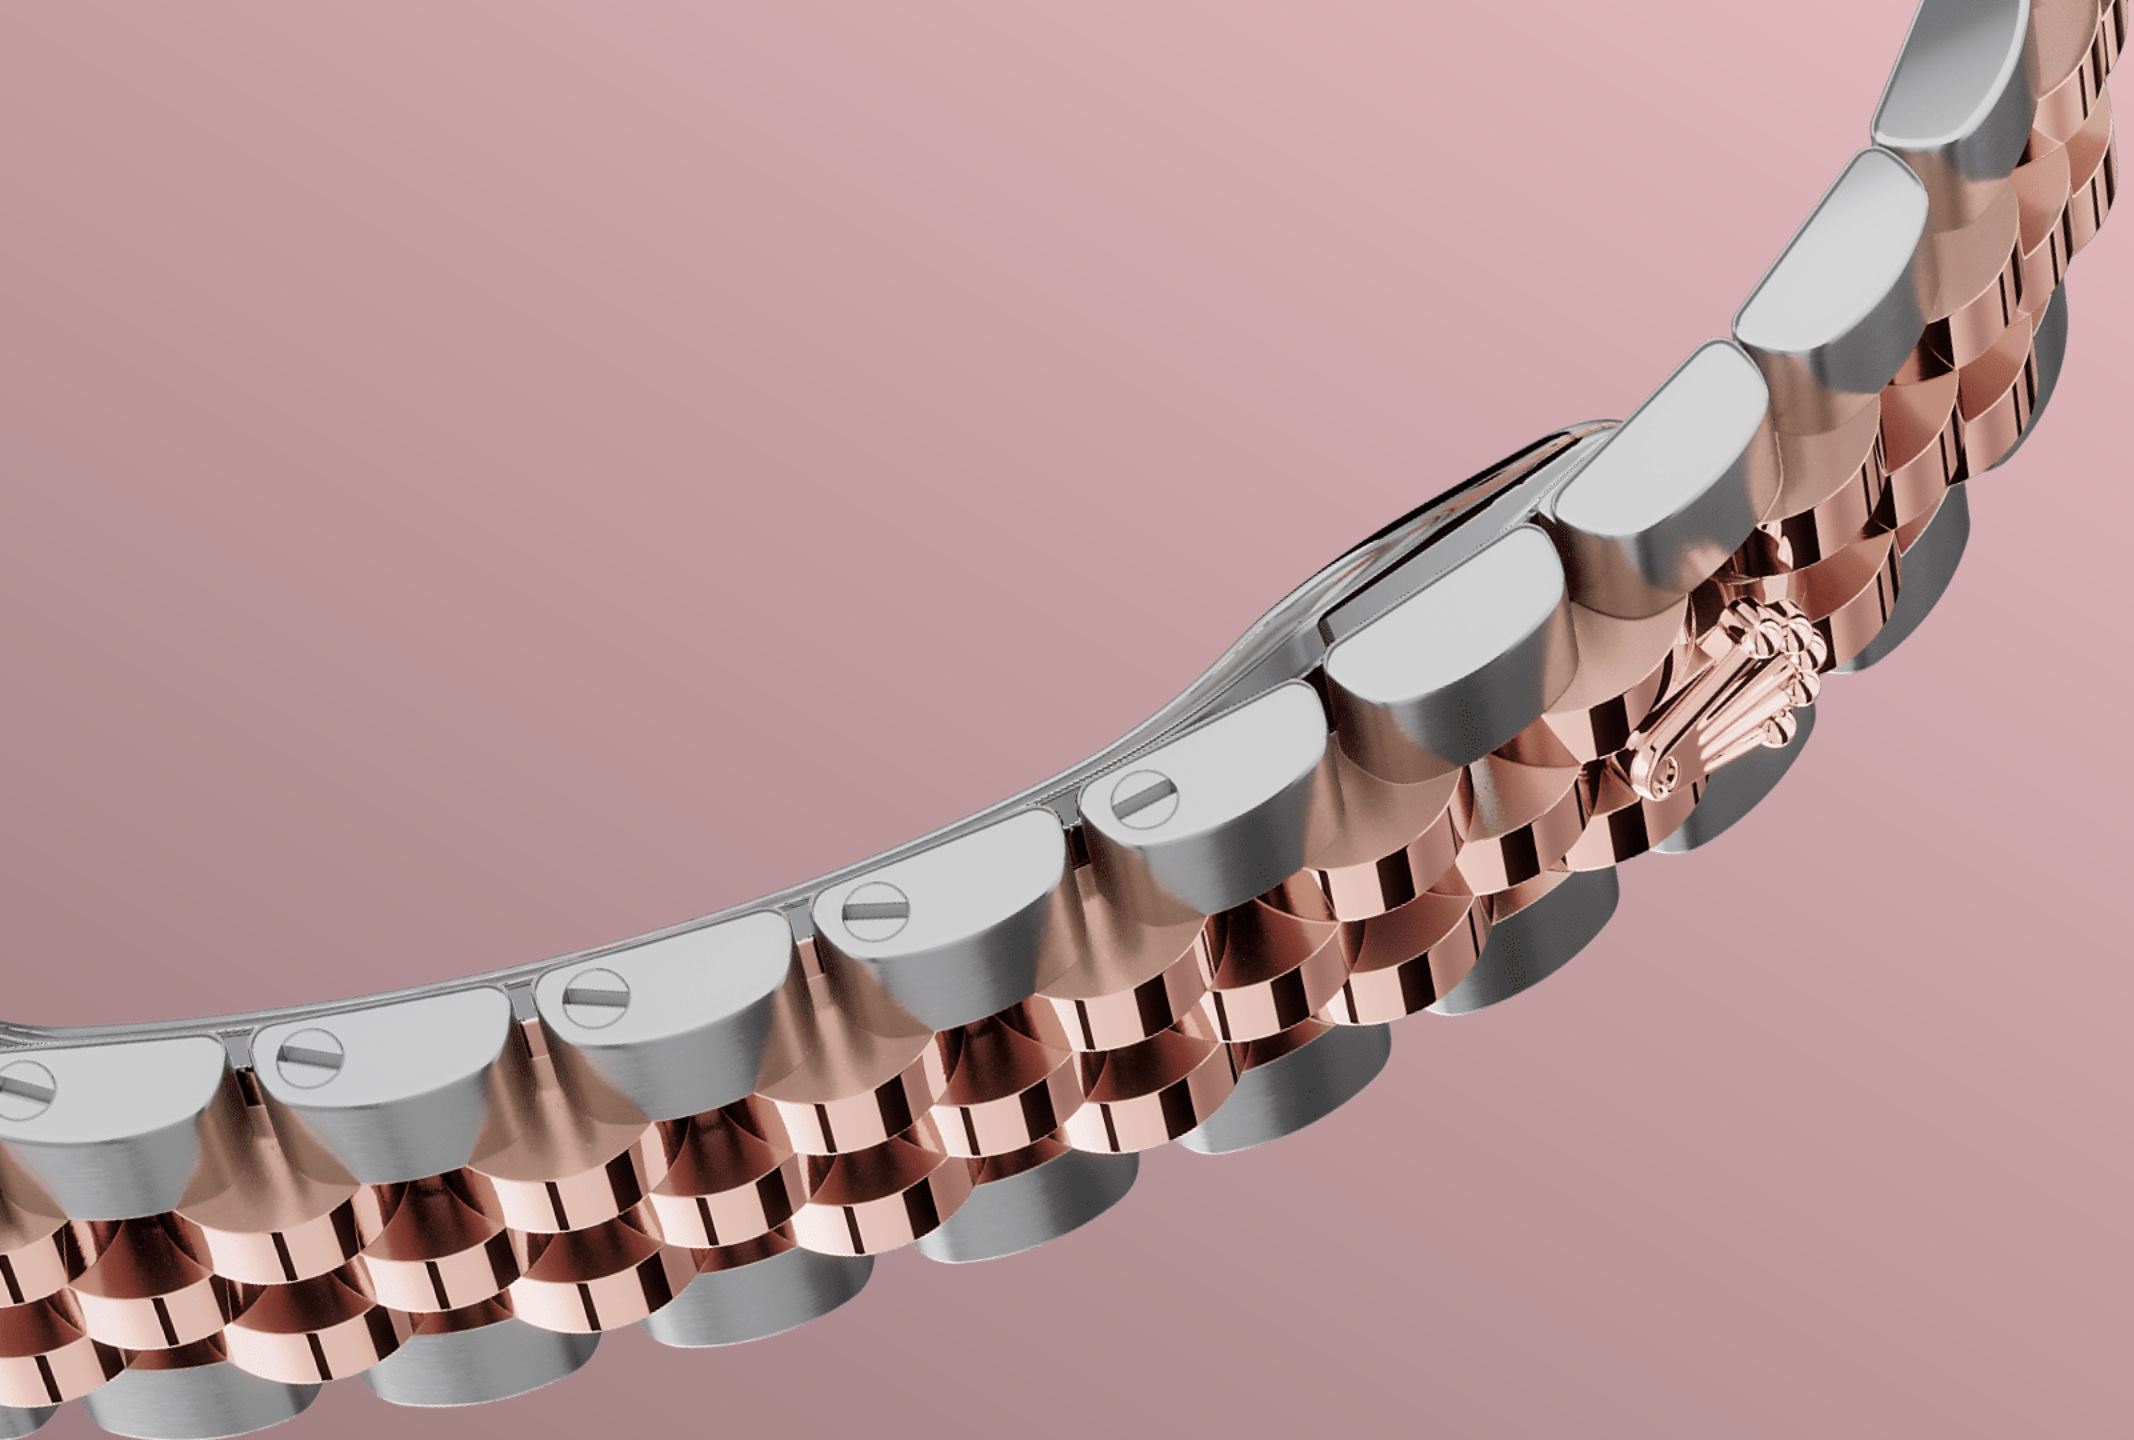

dial colour is applied using Physical Vapour Deposition or electroplating. A light coat of varnish gives the dial its final look.

EVEROSE ROLESOR

A meeting of two metals

Gold is coveted for its lustre and nobility. Steel reinforces strength and reliability. Together, they harmoniously combine the best of their properties.

A true Rolex signature, Rolesor has featured on Rolex models since the early 1930s, and was trademarked as a name in 1933. It is one of the prominent pillars of the Oyster Perpetual collection.

Supple and comfortable

The design, development and production of Rolex bracelets and clasps, as well as the stringent tests they face, involve advanced high technology.

And, as with all the components of the watch, aesthetic controls by the human eye guarantee impeccable beauty. The Jubilee, a supple and comfortable five-piece link metal bracelet, was designed and made especially for the launch of the Oyster Perpetual Datejust in 1945.

Lady-Datejust

Reference 279381RBR

Model Case

Type
Oyster, 28 mm, Oystersteel,
Everose gold and diamonds

Diameter
28 mm

Material
Everose Rolesor

Bezel
Set with diamonds

Oyster Architecture
Monobloc middle case, screw-down
case back and winding crown

Winding Crown
Screw-down, Twinlock double
waterproofness system

Crystal
Scratch-resistant sapphire, Cyclops
lens over the date

Water Resistance
Waterproof to 100 metres / 330
feet

Movement

Type
Perpetual, mechanical, self-winding

Calibre
2236, Manufacture Rolex

Precision
-2/+2 sec/day, after casing

Oscillator
Syloxi hairspring in silicon with
patented geometry. High-
performance Paraflex shock
absorbers

Winding
Bidirectional self-winding via
Perpetual rotor

Power reserve
Approximately 55 hours

Functions
Centre hour, minute and seconds
hands. Instantaneous date with
rapid setting. Stop-seconds for
precise time setting

Bracelet

Type
Jubilee, five-piece links

Clasp
Concealed folding Crownclasp

Bracelet Material
Everose Rolesor - combination of
Oystersteel and Everose gold

Dial

Type
Rosé-colour

Certification

Type
Superlative Chronometer (COSC +
Rolex certification after casing)
