INTENSE WHITE DIAL

## Honeycomb motif

This dial is adorned with a honeycomb motif with a satin finish. Its creation calls on traditional craftsmanship and high-technology methods, all mastered in-house.

The honeycomb structure is cut with a femtosecond laser, which is also used to etch the delicate lines in the grooves separating each cell. The dial features a Chromalight display, the luminescent open numerals and index hour markers grant optimal legibility in any situation.

18 KT EVEROSE GOLD

## An exclusive patent

To preserve the beauty of its pink gold watches, Rolex created and patented an exclusive 18 kt pink gold alloy cast in its own foundry: Everose gold.

Introduced in 2005, 18 kt Everose is used on all Rolex Oyster models in pink gold.

THE FLAT JUBILEE BRACELET

# Seamless integrated design

Specially designed for this watch, the Flat Jubilee bracelet is a reinterpretation of the emblematic Jubilee bracelet. The Flat Jubilee differs in that all the links are flat, and it merges seamlessly with the Oyster case to form a balanced, harmonious whole, with the alternation of polished and technical satin finishings.

Moreover, the top edges of the bracelet's outer links are bevelled, as are those of the middle case,
