

# Oyster Perpetual 34

Oyster, 34 mm, Everose gold

**The Oyster Perpetual 34  
in 18 kt Everose gold  
with a blue stone dial  
and an Oyster bracelet.**

BLUE STONE DIAL

## Novel and charming

The model features a lacquered dial in blue stone with three hour markers – those at 3, 6 and 9 o'clock – in dumortierite, a mineral characterized by intermittent patches of pale and deeper blues.

The upper surface features an ogive cut to highlight the stone's structure and colour, and to prevent the slightest reflection.

18 KT EVEROSE GOLD

## **An exclusive patent**

To preserve the beauty of its pink gold watches, Rolex created and patented an exclusive 18 kt pink gold alloy cast in its own foundry: Everose gold.

Introduced in 2005, 18 kt Everose is used on all Rolex Oyster models in pink gold.

THE OYSTER BRACELET

## Alchemy of form and function

The Oyster bracelet is a perfect alchemy of form and function, aesthetics and technology.

First introduced in the late 1930s, this particularly robust and comfortable metal bracelet with its broad, flat three-piece links remains the most universal bracelet in the Oyster collection. For the Oyster Perpetual models the Oyster bracelet is fitted with an Oysterclasp.

2232 MOVEMENT

## Superlative performance

Unveiled in 2020, calibre 2232 is a new-generation self-winding mechanical movement entirely developed and manufactured by Rolex. Fitted with a Syloxi hairspring in silicon, patented, it offers a superlative level of chronometric performance.

Insensitive to magnetic fields, the Syloxi hairspring provides great stability in the face of temperature variations and remains up to 10 times more

precise than a traditional hairspring in case of shocks. Its patented geometry ensures its regularity in any position.
