

# Sky-Dweller

Oyster, 42 mm, yellow gold

**The Oyster Perpetual  
Sky-Dweller in 18 kt  
yellow gold with a bright  
green dial and an Oyster  
bracelet.**

BRIGHT GREEN DIAL

## A striking characteristic

A fixed inverted red triangle on the dial points to the chosen reference time – the time at home or at the traveller's usual workplace – on the off-centre 24-hour disc. At a glance, this 24-hour display clearly distinguishes daytime hours from night-time hours in the other time zone.

A deep red rectangle in one of the 12 windows around the dial indicates the current month, a striking characteristic of the Saros annual calendar. This ingenious mechanism simplifies life for the wearer of the watch, who no longer needs

to think about adjusting the date at the end of a 30-day month. The annual calendar displays the correct date through the year. Only one adjustment is needed – on 1 March (February having only 28 or 29 days). The date is connected to local time and automatically changes according to the traveller's local time zone.

## THE FLUTED BEZEL

# A Rolex signature

The Rolex fluted bezel is a mark of distinction. Originally, the fluting of the Oyster bezel had a functional purpose: it served to screw the bezel onto the case, helping to ensure the waterproofness of the watch.

It was therefore identical to the fluting on the case back, which was also screwed onto the case for waterproofness, using specific Rolex tools. Over time, the fluting became an aesthetic element, a genuine Rolex signature feature. Today the fluted bezel is a mark of distinction, always in gold. The

Sky-Dweller is equipped with a mechanism of interaction between the rotatable bezel, the winding crown and the movement: the Ring Command system, which allows the user to select the watch's functions one-by-one and to set them easily, quickly and securely.

18 KT YELLOW GOLD

## Commitment to excellence

By operating its own exclusive foundry, Rolex has the unrivalled ability to cast the highest quality 18 kt gold alloys. According to the proportion of silver, copper, platinum or palladium added, different types of 18 kt gold are obtained: yellow, pink or white.

They are made with only the purest metals and meticulously inspected in an in-house laboratory with state-of-the-art equipment, before the gold is

formed and shaped with the same painstaking attention to quality. Rolex's commitment to excellence begins at the source.

THE OYSTER BRACELET

## Alchemy of form and function

The Sky-Dweller is fitted on a solid-link Oyster bracelet in Oystersteel, in the case of the white Rolesor version, or, for the yellow Rolesor version, an Oyster bracelet combining Oystersteel and yellow gold.

The Oyster bracelet benefits from the new concealed attachment system beneath the bezel which ensures seamless visual continuity between the bracelet and case. It is equipped with a folding

Oysterclasp and also features the ingenious patented Easylink rapid extension system that allows the wearer to easily increase the bracelet length by approximately 5 mm, for additional comfort in any circumstance.

## Sky-Dweller

Reference 336938

### Model Case

---

#### Type

Oyster, 42 mm, yellow gold

#### Diameter

42 mm

#### Material

Yellow gold

#### Bezel

Fluted, bidirectional rotatable Rolex Ring Command

#### Oyster Architecture

Monobloc middle case, screw-down case back and winding crown

#### Winding Crown

Screw-down, Twinlock double waterproofness system

#### Crystal

Scratch-resistant sapphire, Cyclops lens over the date

#### Water Resistance

Waterproof to 100 metres / 330 feet

### Movement

---

#### Type

Perpetual, mechanical, self-winding, dual time zones, annual calendar

#### Calibre

9002, manufacture Rolex

#### Precision

-2/+2 sec/day, after casing

#### Oscillator

Paramagnetic blue Parachrom hairspring. High-performance Paraflex shock absorbers

**Winding**

Bidirectional self-winding via  
Perpetual rotor

**Power reserve**

Approximately 72 hours

**Functions**

Centre hour, minute and seconds  
hands. 24-hour display on off-  
centre disc. Second time zone.  
Instantaneous annual calendar at 3  
o'clock and rapid-setting of the  
date. Month display via 12  
apertures around the circumference  
of the dial. Stop-seconds for  
precise time setting

**Bracelet**

---

**Type**

Oyster, three-piece solid links

**Clasp**

Folding Oysterclasp with Easylink 5  
mm comfort extension link

**Bracelet Material**

18 kt yellow gold

**Dial**

---

**Type**

Bright green

**Details**

Highly legible Chromalight display  
with long-lasting blue luminescence

**Certification**

---

**Type**

Superlative Chronometer (COSC +  
Rolex certification after casing)
