

Cosmograph Daytona

Oyster, 40 mm, Oystersteel and yellow
gold

A close-up, diagonal view of a watch bezel. The bezel is dark with a light-colored tachymetric scale. The scale consists of numbers (200, 400, 600, 800, 1000) and triangles. The text 'OYSTER PERPETUAL' is visible on the bezel. The background is a soft, out-of-focus gradient.

**The Oyster Perpetual
Cosmograph Daytona in
Oystersteel and yellow
gold with a white dial
and contrasting counter
rings. It features an
Oyster bracelet and a
yellow gold bezel with
an engraved
tachymetric scale.**

THE TACHYMETRIC SCALE

High-performance chronograph

With its tachymetric scale, its three counters and its pushers, the Cosmograph Daytona was designed to be the ultimate timing tool for endurance racing drivers. The bezel features a tachymetric scale to read average speed over a given distance based on elapsed time.

This scale offers optimal legibility, making the Cosmograph Daytona the ideal instrument for

measuring speeds up to 400 units per hour,
expressed in kilometres or miles.

WHITE DIAL

With chronograph counters

This model features a white dial with spray-coated counters, 18 ct gold applique hour markers and hands with a Chromalight display, a highly-legible luminescent material.

The dial allows drivers to accurately map out their track times and tactics without fail.

YELLOW ROLESOR

A meeting of two metals

Gold is coveted for its lustre and nobility. Steel reinforces strength and reliability. Together, they harmoniously combine the best of their properties.

A true Rolex signature, Rolesor has featured on Rolex models since the early 1930s, and was trademarked as a name in 1933. It is one of the prominent pillars of the Oyster Perpetual collection.

THE OYSTER BRACELET

Alchemy of form and function

The design, development and production of Rolex bracelets and clasps, as well as the stringent tests they face, involve advanced high technology. And, as with all the components of the watch, aesthetic controls by the human eye guarantee impeccable beauty.

The Oyster bracelet is a perfect alchemy of form and function. First introduced in the late 1930s, this particularly robust and comfortable metal

bracelet with its broad, flat three-piece links remains the most universal bracelet in the Oyster collection.

Reference 126503

Model Case

Type

Oyster, 40 mm, Oystersteel and yellow gold

Diameter

40 mm

Material

Yellow Rolesor

Bezel

Fixed, with engraved tachymetric scale, in yellow gold

Oyster Architecture

Monobloc middle case, screw-down case back and winding crown

Winding Crown

Screw-down, Triplock triple waterproofness system

Crystal

Scratch-resistant sapphire

Water Resistance

Waterproof to 100 metres / 330 feet

Movement

Type

Perpetual, mechanical chronograph, self-winding

Calibre

4131, manufacture Rolex

Precision

-2/+2 sec/day, after casing

Oscillator

Paramagnetic blue Parachrom hairspring. High-performance Paraflex shock absorbers

Winding

Bidirectional self-winding via Perpetual rotor

Power reserve

Approximately 72 hours

Functions

Centre hour and minute hands, small seconds hand at 6 o'clock. Chronograph via centre seconds hand, 30-minute counter at 3 o'clock and 12-hour counter at 9 o'clock. Stop seconds for exact time setting

Bracelet

Type

Oyster, three-piece solid links

Bracelet Material

Yellow Rolesor - combination of Oystersteel and yellow gold

Clasp

Folding Oysterlock safety clasp with Easylink 5 mm comfort extension link

Dial

Type

White, golden counter rings

Details

Highly legible Chromalight display with long-lasting blue luminescence

Certification

Type

Superlative Chronometer (official chronometer certification + Rolex certification after casing)
