

# Cosmograph Daytona

Oyster, 40 mm, Everose gold

A close-up, diagonal view of a watch bezel. The bezel is dark with a light-colored tachymetric scale. The words 'OYSTER PERPETUAL' are engraved in a circular pattern around the bezel. The numbers '200', '400', and '400' are visible on the scale. The background is a soft, light-colored gradient.

**This Oyster Perpetual  
Cosmograph Daytona in  
18 ct Everose gold, with  
a Sundust and bright  
black dial and an Oyster  
bracelet, features an 18  
ct Everose gold bezel  
with an engraved  
tachymetric scale.**

#### THE TACHYMETRIC SCALE

## High-performance chronograph

With its tachymetric scale, its three counters and its pushers, the Cosmograph Daytona was designed to be the ultimate timing tool for endurance racing drivers. The bezel features a tachymetric scale to read average speed over a given distance based on elapsed time.

This scale offers optimal legibility, making the Cosmograph Daytona the ideal instrument for

measuring speeds up to 400 units per hour,  
expressed in kilometres or miles.

SUNDUST AND BRIGHT BLACK DIAL

## With chronograph counters

This model features a Sundust and bright black dial with snailed counters, 18 ct gold applique hour markers and hands with a Chromalight display, a highly-legible luminescent material.

The dial allows drivers to accurately map out their track times and tactics without fail.

18 CT EVEROSE GOLD

## An exclusive patent

To preserve the beauty of its pink gold watches, Rolex created and patented an exclusive 18 ct pink gold alloy cast in its own foundry: Everose gold.

Introduced in 2005, 18 ct Everose is used on all Rolex Oyster models in pink gold.

## THE OYSTER BRACELET

# Alchemy of form and function

The design, development and production of Rolex bracelets and clasps, as well as the stringent tests they face, involve advanced high technology. And, as with all the components of the watch, aesthetic controls by the human eye guarantee impeccable beauty.

The Oyster bracelet is a perfect alchemy of form and function. First introduced in the late 1930s, this particularly robust and comfortable metal

bracelet with its broad, flat three-piece links remains the most universal bracelet in the Oyster collection.

## Model Case

---

### Type

Oyster, 40 mm, Everose gold

### Diameter

40 mm

### Material

Everose gold

### Bezel

Fixed, with engraved tachymetric scale, in 18 ct Everose gold

### Oyster Architecture

Monobloc middle case, screw-down case back and winding crown

### Winding Crown

Screw-down, Triplock triple waterproofness system

### Crystal

Scratch-resistant sapphire

### Water Resistance

Waterproof to 100 metres / 330 feet

## Movement

---

### Type

Perpetual, mechanical chronograph, self-winding

### Calibre

4131, manufacture Rolex

### Precision

-2/+2 sec/day, after casing

### Oscillator

Paramagnetic blue Parachrom hairspring. High-performance Paraflex shock absorbers

### **Winding**

Bidirectional self-winding via Perpetual rotor

### **Power reserve**

Approximately 72 hours

### **Functions**

Centre hour and minute hands, small seconds hand at 6 o'clock. Chronograph via centre seconds hand, 30-minute counter at 3 o'clock and 12-hour counter at 9 o'clock. Stop seconds for exact time setting

## **Bracelet**

---

### **Type**

Oyster, three-piece solid links

### **Bracelet Material**

18 ct Everose gold

### **Clasp**

Folding Oysterlock safety clasp with Easylink 5 mm comfort extension link

## **Dial**

---

### **Type**

Sundust and bright black

### **Details**

Highly legible Chromalight display with long-lasting blue luminescence

## **Certification**

---

### **Type**

Superlative Chronometer (official chronometer certification + Rolex certification after casing)
