INTENSE WHITE DIAL

## Honeycomb motif

This dial is adorned with a honeycomb motif with a satin finish. Its creation calls on traditional craftsmanship and high-technology methods, all mastered in-house.

The honeycomb structure is cut with a femtosecond laser, which is also used to etch the delicate lines in the grooves separating each cell. The dial features a Chromalight display, the luminescent open numerals and index hour markers grant optimal legibility in any situation.

## Seamless integrated design

Specially designed for this watch, the Flat Jubilee bracelet is a reinterpretation of the emblematic Jubilee bracelet. The Flat Jubilee differs in that all the links are flat and merges seamlessly with the Oyster case to form a balanced, harmonious whole, with the alternation of polished and technical satin finishings.

Moreover, the top edges of the bracelet's outer links are bevelled, as are those of the middle case,
