

# Yacht-Master 37

Oyster, 37 mm, Everose gold

A close-up, angled view of a Rolex Oysterflex bracelet. The bracelet is made of a dark, textured material, likely Everose gold, and features a series of rounded, ribbed links. A prominent crown logo is embossed on the upper part of the bracelet. The background is a solid, dark brown color.

**The Oyster Perpetual  
Yacht-Master 37 in 18 ct  
Everose gold with an  
Oysterflex bracelet.**

## THE OYSTERFLEX BRACELET

# Highly resistant and durable

The Yacht-Master's new Oysterflex bracelet, developed by Rolex and patented, offers a sporty alternative to metal bracelets. The bracelet attaches to the watch case and the Oysterlock safety clasp by a flexible titanium and nickel alloy metal blade.

The blade is overmoulded with high-performance black elastomer which is particularly resistant to environmental effects, very durable and perfectly

inert for the wearer of the watch. For enhanced comfort, the inside of the Oysterflex bracelet is equipped with a patented longitudinal cushion system that stabilizes the watch on the wrist and fitted with an 18 ct Everose gold Oysterlock safety clasp. It also features the Rolex Glidelock extension system, designed by the brand and patented. This inventive toothed mechanism, integrated beneath the clasp, allows fine adjustment of the bracelet length by some 15 mm in increments of approximately 2.5 mm, without the use of tools.

18 CT EVEROSE GOLD

## An exclusive patent

To preserve the beauty of its pink gold watches, Rolex created and patented an exclusive 18 ct pink gold alloy cast in its own foundry: Everose gold.

Introduced in 2005, 18 ct Everose is used on all Rolex Oyster models in pink gold.

#### BIDIRECTIONAL ROTATABLE BEZEL

## Timing the distance

The Yacht-Master's bidirectional rotatable 60-minute graduated bezel is made entirely from precious metal – Everose gold or platinum – or fitted with a Cerachrom insert in high-tech ceramic, depending on the model. The raised polished numerals and graduations stand out clearly against a matt, sand-blasted background.

This functional bezel – which allows the wearer to calculate, for example, the sailing time between two buoys – is also a key component in the model's distinctive visual identity.

INTENSE BLACK DIAL

## Exceptional legibility

Like all Rolex Professional watches, the Yacht-Master 37 offers exceptional legibility in all circumstances, and especially in the dark, thanks to its Chromalight display.

The broad hands and hour markers in simple shapes – triangles, circles, rectangles – are filled with a luminescent material emitting a long-lasting glow.

## Model Case

---

### Type

Oyster, 37 mm, Everose gold

### Diameter

37 mm

### Material

Everose gold

### Bezel

Bidirectional rotatable 60-minute graduated bezel with matt black Cerachrom insert in ceramic, polished raised numerals and graduations

### Oyster Architecture

Monobloc middle case, screw-down case back and winding crown

### Winding Crown

Screw-down, Triplock triple waterproofness system

### Crystal

Scratch-resistant sapphire, Cyclops lens over the date

### Water Resistance

Waterproof to 100 metres / 330 feet

## Movement

---

### Type

Perpetual, mechanical, self-winding

### Calibre

2236, Manufacture Rolex

### Precision

-2/+2 sec/day, after casing

### Oscillator

Syloxi hairspring in silicon with patented geometry. High-performance Paraflex shock absorbers

**Winding**

Bidirectional self-winding via Perpetual rotor

**Power reserve**

Approximately 55 hours

**Functions**

Centre hour, minute and seconds hands. Instantaneous date with rapid setting. Stop-seconds for precise time setting

## Bracelet

---

**Type**

Oysterflex

**Clasp**

Folding Oysterlock safety clasp with Rolex Glidelock extension system

**Bracelet Material**

Flexible metal blades overmoulded with high-performance elastomer

## Dial

---

**Type**

Intense black

## Certification

---

**Type**

Superlative Chronometer (official chronometer certification + Rolex certification after casing)
