

# Cosmograph Daytona

Oyster, 40 mm, Oystersteel and yellow  
gold

**The Oyster Perpetual  
Cosmograph Daytona in  
Oystersteel and yellow  
gold with a black dial  
and contrasting counter  
rings. It features an  
Oyster bracelet and a  
yellow gold bezel with  
an engraved  
tachymetric scale.**

THE TACHYMETRIC SCALE

# High-performance chronograph

With its tachymetric scale, its three counters and its pushers, the Cosmograph Daytona was designed to be the ultimate timing tool for endurance racing drivers. The bezel features a tachymetric scale to read average speed over a given distance based on elapsed time.

This scale offers optimal legibility, making the Cosmograph Daytona the ideal instrument for

measuring speeds up to 400 units per hour,  
expressed in kilometres or miles.

BLACK DIAL

## With chronograph counters

This model features a black dial with spray-coated counters, 18 kt gold applique hour markers and hands with a Chromalight display, a highly-legible luminescent material.

The dial allows drivers to accurately map out their track times and tactics without fail.

YELLOW ROLESOR

## A meeting of two metals

Gold is coveted for its lustre and nobility. Steel reinforces strength and reliability. Together, they harmoniously combine the best of their properties.

A true Rolex signature, Rolesor has featured on Rolex models since the early 1930s, and was trademarked as a name in 1933. It is one of the prominent pillars of the Oyster Perpetual collection.

THE OYSTER BRACELET

# Alchemy of form and function

The design, development and production of Rolex bracelets and clasps, as well as the stringent tests they face, involve advanced high technology. And, as with all the components of the watch, aesthetic controls by the human eye guarantee impeccable beauty.

The Oyster bracelet is a perfect alchemy of form and function. First introduced in the late 1930s, this particularly robust and comfortable metal

Monobloc middle case, screw-down case back and winding crown

**winding-crown**

Screw-down, Triplock triple waterproofness system

**crystal**

Scratch-resistant sapphire

**water-resistance**

Waterproof to 100 metres / 330 feet

### movement

---

**type**

Perpetual, mechanical chronograph, self-winding

**calibre**

4131, manufacture Rolex

**precision**

-2/+2 sec/day, after casing

**oscillator**

Paramagnetic blue Parachrom hairspring. High-performance Paraflex shock absorbers

**winding**

Bidirectional self-winding via Perpetual rotor

**power-reserve**

Approximately 72 hours

**functions**

Centre hour and minute hands, small seconds hand at 6 o'clock. Chronograph via centre seconds hand, 30-minute counter at 3 o'clock and 12-hour counter at 9 o'clock. Stop seconds for exact time setting

**bracelet**

---

**type**

Oyster, three-piece solid links

**clasp**

Folding Oysterlock safety clasp with Easylink 5 mm comfort extension link

**bracelet-material**

Yellow Rolesor - combination of Oystersteel and yellow gold

**dial**

---

**type**

Black, golden counter rings

**details**

Highly legible Chromalight display with long-lasting blue luminescence

**certification**

---

**type**

Superlative Chronometer (COSC + Rolex certification after casing)
