INTENSE WHITE DIAL

## Honeycomb motif

This dial is adorned with a honeycomb motif with a satin finish. Its creation calls on traditional craftsmanship and high-technology methods, all mastered in-house.

The honeycomb structure is cut with a femtosecond laser, which is also used to etch the delicate lines in the grooves separating each cell. The dial features a Chromalight display, the luminescent open numerals and index hour markers grant optimal legibility in any situation.

The hands are also luminescent and have been specially designed for the model.

THE FLAT JUBILEE BRACELET

# Seamless integrated design

Specially designed for this watch, the Flat Jubilee bracelet is a reinterpretation of the emblematic Jubilee bracelet. The Flat Jubilee differs in that all the links are flat and merges seamlessly with the Oyster case to form a balanced, harmonious whole, with the alternation of polished and technical satin finishings.

Moreover, the top edges of the bracelet's outer links are bevelled, as are those of the middle case,
