

# Sky-Dweller

Oyster, 42 mm, Oystersteel and yellow gold

**The Oyster Perpetual  
Sky-Dweller in  
Oystersteel and yellow  
gold with a bright black  
dial and a Jubilee  
bracelet.**

BRIGHT BLACK DIAL

## A striking characteristic

A fixed inverted red triangle on the dial points to the chosen reference time – the time at home or at the traveller's usual workplace – on the off-centre 24-hour disc. At a glance, this 24-hour display clearly distinguishes daytime hours from night-time hours in the other time zone.

A deep red rectangle in one of the 12 windows around the dial indicates the current month, a striking characteristic of the Saros annual calendar. This ingenious mechanism simplifies life for the wearer of the watch, who no longer needs

to think about adjusting the date at the end of a 30-day month. The annual calendar displays the correct date through the year. Only one adjustment is needed – on 1 March (February having only 28 or 29 days). The date is connected to local time and automatically changes according to the traveller's local time zone.

## THE FLUTED BEZEL

# A Rolex signature

The Rolex fluted bezel is a mark of distinction. Originally, the fluting of the Oyster bezel had a functional purpose: it served to screw the bezel onto the case, helping to ensure the waterproofness of the watch.

It was therefore identical to the fluting on the case back, which was also screwed onto the case for waterproofness, using specific Rolex tools. Over time, the fluting became an aesthetic element, a genuine Rolex signature feature. Today the fluted bezel is a mark of distinction, always in gold. The

Sky-Dweller is equipped with a mechanism of interaction between the rotatable bezel, the winding crown and the movement: the Ring Command system, which allows the user to select the watch's functions one-by-one and to set them easily, quickly and securely.

YELLOW ROLESOR

## A meeting of two metals

Gold is coveted for its lustre and nobility. Steel reinforces strength and reliability. Together, they harmoniously combine the best of their properties.

A true Rolex signature, Rolesor has featured on Rolex models since the early 1930s, and was trademarked as a name in 1933. It is one of the prominent pillars of the Oyster Perpetual collection.

## THE JUBILEE BRACELET

# Supple and comfortable

Supple and comfortable, this five-piece link metal bracelet was specially created for the Oyster Perpetual Datejust, which was launched in 1945.

The Jubilee bracelet on these watches is equipped with a folding Oysterclasp and features the Easylink comfort extension link, developed by Rolex, which allows the wearer to easily adjust the bracelet length by approximately 5 mm. The bracelet also includes patented ceramic inserts – designed by the brand – inside the links to enhance its flexibility on the wrist and its longevity.

### model-case

---

**type**

Oyster, 42 mm, Oystersteel and yellow gold

**diameter**

42 mm

**material**

Yellow Rolesor

**bezel**

Fluted, bidirectional rotatable Rolex Ring Command

**oyster-architecture**

Monobloc middle case, screw-down case back and winding crown

**winding-crown**

Screw-down, Twinlock double waterproofness system

**crystal**

Scratch-resistant sapphire, Cyclops lens over the date

**water-resistance**

Waterproof to 100 metres / 330 feet

### movement

---

**type**

Perpetual, mechanical, self-winding, dual time zones, annual calendar

**calibre**

9002, manufacture Rolex

**precision**

-2/+2 sec/day, after casing

**oscillator**

Paramagnetic blue Parachrom hairspring. High-performance Paraflex shock absorbers

**winding**

Bidirectional self-winding via  
Perpetual rotor

**power-reserve**

Approximately 72 hours

**functions**

Centre hour, minute and seconds  
hands. 24-hour display on off-  
centre disc. Second time zone.  
Instantaneous annual calendar at 3  
o'clock and rapid-setting of the  
date. Month display via 12  
apertures around the circumference  
of the dial. Stop-seconds for  
precise time setting

**bracelet**

---

**type**

Jubilee, five-piece links

**clasp**

Folding Oysterclasp with Easylink 5  
mm comfort extension link

**bracelet-material**

Yellow Rolesor - combination of  
Oystersteel and yellow gold

**dial**

---

**type**

Bright black

**details**

Highly legible Chromalight display  
with long-lasting blue luminescence

**certification**

---

**type**

Superlative Chronometer (COSC +  
Rolex certification after casing)
