DATEJUST 41

Oyster, 41 mm, Oystersteel and yellow gold
THIS OYSTER PERPETUAL DATEJUST 41 IN YELLOW ROLESOR FEATURES A CHAMPAGNE-COLOUR DIAL AND A JUBILEE BRACELET.

The light reflections on the case sides and lugs highlight the elegant profile of the 41 mm Oyster case, which is fitted with a Fluted bezel. Aesthetically, the Datejust has spanned eras, while retaining the enduring codes that make it, notably in its traditional versions, one of the most recognized and recognizable of watches.
THE FLUTED BEZEL
A ROLEX SIGNATURE

The Rolex fluted bezel is a mark of distinction. Originally, the fluting of the Oyster bezel had a functional purpose: it served to screw the bezel onto the case helping to ensure the waterproofness of the watch.
CHAMPAGNE-COLOUR DIAL
A WATCHMAKING TECHNIQUE

The sunray finish on Rolex dials is a predominant method in watchmaking of achieving pure metallic colour dials such as shades of silver grey, rhodium or ruthenium. Silver-plating is mostly used as a base layer for the sunray finish, where further colour is added to the prepared dial. Sometimes colours such as champagne are achieved through electroplating with more than half a dozen different metals.
YELLOW ROLESOR
A MEETING OF TWO METALS

Gold is coveted for its lustre and nobility. Steel reinforces strength and reliability. Together, they harmoniously combine the best of their properties. A true Rolex signature, Rolesor has featured on Rolex models since the early 1930s, and was trademarked as a name in 1933. It is one of the prominent pillars of the Oyster collection.
The Jubilee bracelet

Supple and comfortable

The design, development and production of Rolex bracelets and clasps, as well as the stringent tests they face, involve advanced high technology. And, as with all the components of the watch, aesthetic controls by the human eye guarantee impeccable beauty. The Jubilee, a supple and comfortable five-piece link metal bracelet, was designed and made especially for the launch of the Oyster Perpetual Datejust in 1945.
The Cyclops lens
A Magnifying Lens

The Cyclops lens is one of the most distinctive Rolex features, and one of the most recognizable. Named after the one-eyed giant of Greek mythology, the Cyclops lens magnifies the watch’s emblematic date display two and a half times for easy reading. Behind the Cyclops, as with every feature of a Rolex timepiece, lies a history of invention, research and development, and the endless search for perfection.
3235 MOVEMENT
SUPERLATIVE PERFORMANCE

This model is equipped with a new generation movement, calibre 3235, entirely developed and manufactured by Rolex for a superlative level of performance. Certified as a Swiss chronometer by COSC (Swiss Official Chronometer Testing Institute), it is tested a second time by Rolex after being cased to ensure that in everyday use it satisfies Rolex’s criteria for precision, which are twice as exacting as those for an officially certified chronometer. This control of the final precision of the assembled watch is carried out using a methodology and high-technology equipment specially developed by Rolex.
Specifications
Reference 126333

**MODEL CASE**
Oyster, 41 mm, Oystersteel and yellow gold

**OYSTER ARCHITECTURE**
Monobloc middle case, screw-down case back and winding crown

**DIAMETER**
41 mm

**MATERIAL**
Yellow Rolesor - combination of Oystersteel and 18 ct yellow gold

**BEZEL**
Fluted

**WINDING CROWN**
Screw-down, Twinlock double waterproofness system

**CRYSTAL**
Scratch-resistant sapphire, Cyclops lens over the date

**WATER RESISTANCE**
Waterproof to 100 metres / 330 feet

**MOVEMENT**
Perpetual, mechanical, self-winding

**CALIBRE**
3235, Manufacture Rolex

**PRECISION**
-2/+2 sec/day, after casing

**FUNCTIONS**
Centre hour, minute and seconds hands. Instantaneous date with rapid setting. Stop-seconds for precise time setting

**OSCILLATOR**
Paramagnetic blue Parachrom hairspring. High-performance Paraflex shock absorbers

**WINDING**
Bidirectional self-winding via Perpetual rotor

**POWER RESERVE**
Approximately 70 hours
**BRACELET**
Jubilee, five-piece links

**BRACELET MATERIAL**
Yellow Rolesor - combination of Oystersteel and 18 ct yellow gold

**CLASP**
Folding Oysterclasp with Easylink 5 mm comfort extension link

**DIAL**
Champagne-colour

**DETAILS**
Highly legible Chromalight display with long-lasting blue luminescence

**CERTIFICATION**
Superlative Chronometer (COSC + Rolex certification after casing)
