EXPLORER

Oyster, 36 mm, Oystersteel and yellow gold
THE OYSTER PERPETUAL EXPLORER IN OYSTERSTEEL AND YELLOW GOLD FEATURES A DISTINCTIVE BLACK DIAL WITH CHARACTERISTIC 3, 6, AND 9 NUMERALS WITH A CHROMALIGHT DISPLAY.

Its highly legible hour markers, extremely resistant Oystersteel and waterproofness have made it a tool watch for exploration.
BLACK DIAL
OPTIMAL LEGIBILITY IN ANY SITUATION

The dial is the distinctive face of a Rolex watch, the feature most responsible for its identity and readability. The latest Explorer model’s characteristic 3, 6 and 9 numerals are now filled with a luminescent material emitting a long-lasting blue glow, like the hour markers and hands.
SMOOTH BEZEL
AN ESTABLISHED ICON

The Oyster Perpetual Explorer imparts a fresh elan to the sober, clean lines that have long established it as an icon. The smooth bezel in yellow gold is robust yet elegant, and in perfect harmony with the Explorer’s iconic heritage.
YELLOW ROLESOR
A MEETING OF TWO METALS

Gold is coveted for its lustre and nobility. Steel reinforces strength and reliability. Together, they harmoniously combine the best of their properties. A true Rolex signature, Rolesor has featured on Rolex models since the early 1930s, and was trademarked as a name in 1933. It is one of the prominent pillars of the Oyster collection.
The Oyster bracelet is a perfect alchemy of form and function, aesthetics and technology, designed to be both robust and comfortable. It is equipped with an Oysterlock folding clasp, which prevents accidental opening and the Easylink comfort extension link, also exclusive to Rolex. This ingenious system allows the wearer to increase the bracelet length by approximately 5 mm, providing additional comfort in any circumstance.
3230 MOVEMENT
SUPERLATIVE PERFORMANCE

The Explorer is equipped with calibre 3230, a movement entirely developed and manufactured by Rolex, launched by the brand in 2020. At the forefront of watchmaking technology, this self-winding mechanical movement led to the filing of several patents, and offers fundamental gains in terms of precision, power reserve, resistance to shocks and magnetic fields, convenience and reliability. Calibre 3230 incorporates the Chronergy escapement patented by Rolex, which combines high energy efficiency with great dependability.
Specifications
Reference 124273

MODEL CASE
Oyster, 36 mm, Oystersteel and yellow gold

OYSTER ARCHITECTURE
Monobloc middle case, screw-down case back and winding crown

DIAMETER
36 mm

MATERIAL
Yellow Rolesor - combination of Oystersteel and yellow gold

BEZEL
Smooth

WINDING CROWN
Screw-down, Twinlock double waterproofness system

CRYSTAL
Scratch-resistant sapphire

WATER RESISTANCE
Waterproof to 100 metres / 330 feet

MOVEMENT
Perpetual, mechanical, self-winding

CALIBRE
3230, Manufacture Rolex

PRECISION
-2/+2 sec/day, after casing

FUNCTIONS
Centre hour, minute and seconds hands.
Stop-seconds for precise time setting

OSCILLATOR
Paramagnetic blue Parachrom hairspring.
High-performance Paraflex shock absorbers

WINDING
Bidirectional self-winding via Perpetual rotor

POWER RESERVE
Approximately 70 hours
**BRACELET**
Oyster, flat three-piece links

**BRACELET MATERIAL**
Yellow Rolesor - combination of Oystersteel and yellow gold

**CLASP**
Folding Oysterlock safety clasp with Easylink 5 mm comfort extension link

**DIAL**
Black

**DETAILS**
Highly legible Chromalight display with long-lasting blue luminescence

**CERTIFICATION**
Superlative Chronometer (COSC + Rolex certification after casing)
