GMT-MASTER II

Oyster, 40 mm, Everose gold
THE OYSTER PERPETUAL GMT-MASTER II IN 18 CT EVEROSE GOLD WITH AN OYSTER BRACELET.

This model features a black dial and a brown and black Cerachrom bezel. Designed to show the time in two different time zones simultaneously during intercontinental flights, the GMT-Master has come to be recognized for its robustness and versatile appearance.
24-HOUR ROTATABLE BEZEL
INNOVATIVE HIGH-TECHNOLOGY

In addition to conventional hour, minute and seconds hands, the GMT-Master II features an arrow-tipped hand, which circles the dial once every 24 hours, as well as a bidirectional rotatable 24-hour graduated bezel.
LIKE ALL ROLEX PROFESSIONAL WATCHES, THE GMT-MASTER II OFFERS EXCEPTIONAL LEGIBILITY IN ALL CIRCUMSTANCES, AND ESPECIALLY IN THE DARK, THANKS TO ITS CHROMALIGHT DISPLAY. THE BROAD HANDS AND HOUR MARKERS IN SIMPLE SHAPES – TRIANGLES, CIRCLES, RECTANGLES – ARE FILLED WITH A LUMINESCENT MATERIAL EMITTING A LONG-LASTING GLOW.
To preserve the beauty of its pink gold watches, Rolex created and patented an exclusive 18 ct pink gold alloy cast in its own foundry: Everose gold. Introduced in 2005, 18 ct Everose is used on all Rolex Oyster models in pink gold.
The Oyster bracelet is a perfect alchemy of form and function, aesthetics and technology, designed to be both robust and comfortable. It is equipped with an Oysterlock folding clasp, which prevents accidental opening and the Easylink comfort extension link, also exclusive to Rolex. This ingenious system allows the wearer to increase the bracelet length by approximately 5 mm, providing additional comfort in any circumstance.
TWO TIME ZONES
SIMULTANEOUS DISPLAY

With traditional hour, minute and seconds hands, a triangle-tipped 24-hour hand, and a bidirectional rotatable bezel with 24-hour graduated Cerachrom insert, the GMT-Master II can display the time in two time zones simultaneously: either the local time and the reference time, or the local time and that of an alternative time zone. The date, at 3 o’clock on the dial, is synchronized with the local time.
THE CYCLOPS LENS
A MAGNIFYING LENS

The Cyclops lens is one of the most distinctive Rolex features, and one of the most recognizable. Named after the one-eyed giant of Greek mythology, the Cyclops lens magnifies the watch’s emblematic date display two and a half times for easy reading. Behind the Cyclops, as with every feature of a Rolex timepiece, lies a history of invention, research and development, and the endless search for perfection.
3285 MOVEMENT
SUPERLATIVE PERFORMANCE

The new calibre 3285, a new-generation movement entirely developed and manufactured by Rolex. With 10 patent applications filed over the course of its development, this movement features a Chronergy escapement and a guaranteed power reserve of approximately 70 hours. Like all Rolex Perpetual movements, the 3285 is a certified Swiss chronometer, a designation reserved for high-precision watches that have successfully passed the Swiss Official Chronometer Testing Institute (COSC) tests. The 3285 is equipped with a Parachrom hairspring, offering greater resistance to shocks and to temperature variations. Its architecture, in common with all Oyster watch movements, makes it singularly reliable.
Specifications
Reference 126715CHNR

MODEL CASE
Oyster, 40 mm, Everose gold

OYSTER ARCHITECTURE
Monobloc middle case, screw-down case back and winding crown

DIAMETER
40 mm

MATERIAL
18 ct Everose gold

BEZEL
Bidirectional rotatable 24-hour graduated bezel. Two-colour brown and black Cerachrom insert in ceramic, engraved numerals and graduations

WINDING CROWN
Screw-down, Triplock triple waterproofness system

CRYSTAL
Scratch-resistant sapphire, Cyclops lens over the date

WATER RESISTANCE
Waterproof to 100 metres / 330 feet

MOVEMENT
Perpetual, mechanical, self-winding, GMT function

CALIBRE
3285, Manufacture Rolex

PRECISION
-2/+2 sec/day, after casing

FUNCTIONS
Centre hour, minute and seconds hands. 24-hour display. Second time zone with independent rapid-setting of the hour hand. Instantaneous date. Stop-seconds for precise time setting

WINDING
Bidirectional self-winding via Perpetual rotor

POWER RESERVE
Approximately 70 hours
BRACELET
Oyster, flat three-piece links

BRACELET MATERIAL
18 ct Everose gold

CLASP
Folding Oysterlock safety clasp with
Easylink 5 mm comfort extension link

DIAL
Black

DETAILS
Highly legible Chromalight display with
long-lasting blue luminescence

CERTIFICATION
Superlative Chronometer (COSC + Rolex
certification after casing)
