SUBMARINER DATE

Oyster, 40 mm, Oystersteel and yellow gold
THE OYSTER PERPETUAL SUBMARINER DATE IN YELLOW ROLESOR WITH A BLUE CERACHROM BEZEL AND A BLUE DIAL WITH LARGE LUMINESCENT HOUR MARKERS.

It features a unidirectional rotatable bezel with Cerachrom insert and solid-link Oyster bracelet. The latest generation Submariner and Submariner Date remain faithful to the original model launched in 1953. In watchmaking, the Submariner represented a historic turning point; it set the standard for divers’ watches.
UNIDIRECTIONAL ROTATABLE BEZEL
AN UNDERWATER TOOL

The Submariner’s rotatable bezel is a key functionality of the watch. Its engraved 60-minute graduations allow a diver to accurately and safely monitor diving time and decompression stops.
A blue ceramic bezel with a blue dial on a Submariner is reserved for a watch that incorporates precious metal: Rolesor, a combination of Oystersteel and 18 ct yellow gold, or a Submariner in solid 18k yellow gold or solid 18k white gold.

The dial's luminescent Chromalight display is an innovation that improved visibility in dark environments, an essential feature for divers. Hour markers in simple shapes – triangles, circles, rectangles – and broad hour and minute hands enable instant and reliable reading to prevent any risk of confusion underwater.
YELLOW ROLESOR
A MEETING OF TWO METALS

Gold is coveted for its lustre and nobility. Steel reinforces strength and reliability. Together, they harmoniously combine the best of their properties. A true Rolex signature, Rolesor has featured on Rolex models since the early 1930s, and was trademarked as a name in 1933. It is one of the prominent pillars of the Oyster collection.
The Oyster bracelet is a perfect alchemy of form and function, aesthetics and technology, designed to be both robust and comfortable. It is equipped with an Oysterlock clasp, which prevents accidental opening, and an ingenious Glidelock, allowing fine adjustments of the bracelet without using any tools - and allowing it to be worn and comfortably over a diving suit.
The Cyclops lens is one of the most distinctive Rolex features, and one of the most recognizable. Named after the one-eyed giant of Greek mythology, the Cyclops lens magnifies the watch’s emblematic date display two and a half times for easy reading. Behind the Cyclops, as with every feature of a Rolex timepiece, lies a history of invention, research and development, and the endless search for perfection.
This model is equipped with calibre 3135, a self-winding mechanical movement entirely developed and manufactured by Rolex. Like all Rolex Perpetual movements, the 3135 is a certified Swiss chronometer, a designation reserved for high-precision watches that have successfully passed the Swiss Official Chronometer Testing Institute (COSC) tests. It is fitted with a Parachrom hairspring, offering greater resistance to shocks and to temperature variations. Its architecture, in common with all Oyster watch movements, makes it singularly reliable.
Specifications
Reference 116613LB

MODEL CASE
Oyster, 40 mm, Oystersteel and yellow gold

OYSTER ARCHITECTURE
Monobloc middle case, screw-down case back and winding crown

DIAMETER
40 mm

MATERIAL
Yellow Rolesor - combination of Oystersteel and 18 ct yellow gold

BEZEL
Unidirectional rotatable 60-minute graduated, scratch-resistant Cerachrom insert in ceramic, numerals and graduations coated in gold

WINDING CROWN
Screw-down, Triplock triple waterproofness system

CRYSTAL
Scratch-resistant sapphire, Cyclops lens over the date

WATER RESISTANCE
Waterproof to 300 metres / 1,000 feet

MOVEMENT
Perpetual, mechanical, self-winding

CALIBRE
3135, Manufacture Rolex

PRECISION
-2/+2 sec/day, after casing

FUNCTIONS
Centre hour, minute and seconds hands. Instantaneous date with rapid setting. Stop-seconds for precise time setting

OSCILLATOR
Paramagnetic blue Parachrom hairspring

WINDING
Bidirectional self-winding via Perpetual rotor

POWER RESERVE
Approximately 48 hours
**BRACELET**
Oyster, flat three-piece links

**BRACELET MATERIAL**
Yellow Rolesor - combination of Oystersteel and 18 ct yellow gold

**CLASP**
Folding Oysterlock safety clasp with Rolex Glidelock extension system

**DIAL**
Blue

**DETAILS**
Highly legible Chromalight display with long-lasting blue luminescence

**CERTIFICATION**
Superlative Chronometer (COSC + Rolex certification after casing)
