SUBMARINER DATE

Oyster, 41 mm, Oystersteel and yellow gold
THE OYSTER PERPETUAL SUBMARINER DATE IN YELLOW ROLESOR WITH A BLUE CERACHROM BEZEL AND A ROYAL BLUE DIAL WITH LARGE LUMINESCENT HOUR MARKERS.

It features a unidirectional rotatable bezel with Cerachrom insert and solid-link Oyster bracelet. The latest generation Submariner and Submariner Date remain faithful to the original model launched in 1953. In watchmaking, the Submariner represented a historic turning point; it set the standard for divers’ watches.
UNIDIRECTIONAL ROTATABLE BEZEL
AN UNDERWATER TOOL

The Submariner's rotatable bezel is a key functionality of the watch. Its engraved 60-minute graduations allow a diver to accurately and safely monitor diving time and decompression stops.
ROYAL BLUE DIAL
FOR LEGIBILITY UNDERWATER

The dial’s luminescent Chromalight display is an innovation that improved visibility in dark environments, an essential feature for divers. Hour markers in simple shapes – triangles, circles, rectangles – and broad hour and minute hands enable instant and reliable reading to prevent any risk of confusion underwater.
YELLOW ROLESOR
A MEETING OF TWO METALS

Gold is coveted for its lustre and nobility. Steel reinforces strength and reliability. Together, they harmoniously combine the best of their properties. A true Rolex signature, Rolesor has featured on Rolex models since the early 1930s, and was trademarked as a name in 1933. It is one of the prominent pillars of the Oyster collection.
The Oyster bracelet is a perfect alchemy of form and function, aesthetics and technology, designed to be both robust and comfortable. It is equipped with an Oysterlock clasp, which prevents accidental opening, and an ingenious Glidelock, allowing fine adjustments of the bracelet without using any tools - and allowing it to be worn and comfortably over a diving suit.
The Cyclops lens is one of the most distinctive Rolex features, and one of the most recognizable. Named after the one-eyed giant of Greek mythology, the Cyclops lens magnifies the watch’s emblematic date display two and a half times for easy reading. Behind the Cyclops, as with every feature of a Rolex timepiece, lies a history of invention, research and development, and the endless search for perfection.
The calibre 3235 is a new-generation movement entirely developed and manufactured by Rolex. This self-winding mechanical movement is at the forefront of the art of watchmaking. A consummate demonstration of Rolex technology, with 14 patents, it offers fundamental gains in terms of precision, power reserve, resistance to shocks and magnetic fields, convenience and reliability. It incorporates the new Chronergy escapement patented by Rolex, which combines high energy efficiency with great dependability. Made of nickel-phosphorus, it is also insensitive to magnetic interference.
Specifications
Reference 126613LB

**MODEL CASE**
Oyster, 41 mm, Oystersteel and yellow gold

**OYSTER ARCHITECTURE**
Monobloc middle case, screw-down case back and winding crown

**DIAMETER**
41 mm

**MATERIAL**
Yellow Rolesor - combination of Oystersteel and 18 ct yellow gold

**BEZEL**
Unidirectional rotatable 60-minute graduated, scratch-resistant Cerachrom insert in ceramic, numerals and graduations coated in gold

**WINDING CROWN**
Screw-down, Triplock triple waterproofness system

**CRYSTAL**
Scratch-resistant sapphire, Cyclops lens over the date

**WATER RESISTANCE**
Waterproof to 300 metres / 1,000 feet

**MOVEMENT**
Perpetual, mechanical, self-winding

**CALIBRE**
3235, Manufacture Rolex

**PRECISION**
-2/+2 sec/day, after casing

**FUNCTIONS**
Centre hour, minute and seconds hands. Instantaneous date with rapid setting. Stop-seconds for precise time setting

**OSCILLATOR**
Paramagnetic blue Parachrom hairspring. High-performance Paraflex shock absorbers

**WINDING**
Bidirectional self-winding via Perpetual rotor

**POWER RESERVE**
Approximately 70 hours
BRACELET
Oyster, flat three-piece links

BRACELET MATERIAL
Yellow Rolesor - combination of Oystersteel and 18 ct yellow gold

CLASP
Folding Oysterlock safety clasp with Rolex Glidelock extension system

DIAL
Royal blue

DETAILS
Highly legible Chromalight display with long-lasting blue luminescence

CERTIFICATION
Superlative Chronometer (COSC + Rolex certification after casing)
